The screenshot shows a web interface for editing metadata. On the left is a sidebar with sections: EDIT (with sub-items Metadata and Metrics), OVERVIEW (with sub-items Relations, Fingerprints, Display), and HISTORY AND COMMENTS (with sub-item History and comments). The main content area has a warning box: "Content input in this section is insufficient to determine the Open Access Status: Public access to file unknown". Below this is a green box with the text: "RoMEO color: Green. Can archive pre-print and post-print or publisher's version/PDF. Read more »". Underneath, it says "Electronic version(s) of this work" and "FINAL PUBLISHED VERSION". A globe icon is followed by the text "10.1016/j." and "Final publi". Below that is a button labeled "Unknown". A dropdown menu titled "Choose type" is open, with three options: "Upload an electronic version" (highlighted in blue), "Add DOI of an electronic version", and "Add link to an electronic version". A green arrow points from the selected option to a text box below.
